

Dear,

Members of Editorial cum Advisory Board (EAB) of "ORIENTAL JOURNAL OF CHEMISTRY"

I am pleased to remind you that as a part of renovation our journal, we are linking the photographs of the members to their brief bio-data for authors, who can view and know about the status of EAB members. In this connection I am mailing a brief Performa for you to fill it and return to us along with your recent colored photograph.

S.No	Information Required	Details of EAB Members	
1.	Full Name	Hathama Razooki Hasan	
2.	Qualification	PhD/ Biochemistry / Professor.	
3.	Department & University	Chemistry Department /College of Science./University Of Baghdad.	
4.	City, Pin Code & Country	Baghdad / 00964 / Iraq.	
5.	Phone / Mobile Number Fax Number	4227657 / 07710003206	
6.	Personal Email Departmental Email	hathama2009@yahoo.com hathamahasan@scbaghdad.com	
7.	Research/ Teaching experience	Undergrad. & postgrad.courses in different biochemistry Subjects	
8.	Main branch of research	Pure and applied biochemistry, Tumors markers, Enzymology, clinical biochemistry, environmental	
9.	Topics of research interest	Clinical biochemistry, Biochemistry, Medicinal chemistry, Green chemistry, & Molecular biology.	
10.	Research Publications (Number only)	More than 50.	
11.	Citations of Research Articles (Number only)	?	
12.	Ph.D.(s) Produced as Supervisor	18 PhDs thesis. & 26 Master thesis.	
13.	Paper presentation in conferences (National, International)	About eleven in national conferences. About seven in international conferences.	
14.	Author & Co-author of books (Number only)	One coauthor and one author.	
15.	Awards, Honor's & Patents	Many awards certificates in contribution in different workshops as a trainer. & involving in different activities.	
16.	Contribution to human welfare work	Member of chemical safety and security committee, involved as a lecturer in many workshops dealing with this subject.	
17.	Contribution to Clean environment	Doing researches in the field of green chemistry trying to extract different useful industrial substances from the wastes, as well as studying the effect of different environmental pollution on human health.
